LABOR POLICY

**Saratoga County Industrial Development Agency
Declaration of Motivation
For the Employment of Local Tradespeople
During the Construction Phase of IDA-Benefited Projects**

The County of Saratoga Industrial Development Agency (IDA), formed pursuant to Section 856 of the New York State Industrial Development Act (the “Act”), was created for the purpose of promoting employment opportunities for and the general prosperity and economic welfare of Saratoga County residents. The IDA is authorized by Section 858 of the Act to enter into agreements requiring payments in lieu of taxes (“PILOT Agreements”) with private companies in order to facilitate the location or the expansion of their businesses in Saratoga County. A PILOT Agreement essentially extends, either in whole or in part, an IDA’s exemption from real property and other taxes to private companies participating in IDA programs.

Construction jobs, although limited in time duration, are vital to the overall employment opportunities within Saratoga County since construction wages earned by local residents are reinvested in the local economy, adding greatly to its vitality. It is the IDA’s strong conviction that companies benefiting from its programs should employ New York State residents during the construction phase of projects. Only in that way can the public benefits accruing from the IDA’s efforts be maximally distributed to the residents and taxpayers of Saratoga County. It is, therefore, the request of the IDA that firms benefiting from its programs be fully cognizant of the IDA’s mission to promote employment opportunities during all project phases, including the construction phase.

The IDA hereby declares its right to request companies benefiting from its programs to engage Saratoga County residents in and during the project construction phase through the addition of an amendment to the IDA project application requiring applicants, prior to and during the construction phase of the development project, to:

1. Identify the name, title, mailing address, phone/FAX/E-Mail of the project contact person who will be responsible and accountable for providing information about the bidding for and awarding of future construction contracts relative to the application and project.
2. Describe, in the best way possible, the nature of construction jobs created by the project. The description should provide as much detail as possible, including the number, type and duration of construction positions.
3. Submit to the IDA a “Construction Completion Report” listing the names and business locations of prime contractors, subcontractors and vendors who have been engaged for the construction phase of the project by companies benefiting from IDA programs.

In turn the IDA will:

1. Post all applications approved for a public hearing to its web site (www.saratogacountyida.org) within two business days of such authorization.
2. Following the public hearing and after Agency approval has been granted for an inducement resolution, the website will be promptly updated for all current data.
3. Reserve the right to modify and/or rescind benefits granted to any company under the IDA’s Uniform Tax Exemption Policy for the failure to comply with any of the provision listed herein.

Arnoff 120MSF application November 2021

Section 2B – Narrative

The purpose of the project is the continuation of the development of our Logistic Campus on the 39+ acre site in Malta, New York. Our plan has been to build a world class location for companies that require logistics services including but not limited to, warehousing, distribution, kitting, packaging, custom crate design and construction, processing, trucking, delivery, freight forwarding and any other solutions to logistics problems. This campus is and will continue to be sought after by companies throughout the world. The proximity to NYC, Boston, Montreal, Buffalo allow same day shipment due to our close proximity to I 87 and I 90. Arnoff's 97 year reputation drives the solution creation. We plan to add 120,000 square feet which can be designed based on client requirements.

Some of our present clients who all will expand their operations are:

Applied Materials, American Woodmark, Dealershop, Harley Davidson, UPS Supply Chain Services, DHL Global Forwarding, Curtis Lumber, Ninth Planet

Arnoff is a proven applicant and will attract many new creative businesses to this campus. An example of this is Ryder Truck Leasing. They came to the campus primarily to service the Arnoff fleet. Today, almost three years later they service over 900 vehicles in the Saratoga county region for many different companies like Stewarts, Saratoga Eagle, Corcraft and Carvel Ice Cream.

Section 2B – Why financial assistance is necessary

Without the SCIDA's assistance our business model will not be able to accommodate both the higher costs of our building as well as these increased labor costs. In the last year since the pandemic has started both construction materials and labor costs have risen dramatically. These additional costs have also made it cost prohibitive from building additional buildings. In our county there is a very limited market for class "A" warehouse space and without this new building these projects will land elsewhere and most likely find a home out of state. This project will allow Arnoff to remain competitive, maintain and expand its existing clients as well as allow Arnoff to move larger clients back to Saratoga County. Without SCIDA's financial assistance in obtaining a PILOT, the economics of the project are unfeasible. We would not proceed with the project without SCIDA assistance.

Section 2P Prevent project from moving out of state

Yes this project is necessary to keep the tenants and customers from moving out of state and provide us the ability to hire qualified labor at the current competitive employment rates.

Section 2Q competitive factors

Present proposed projects are comparing Saratoga County to western Massachusetts, Southern Vermont and Northern New Jersey. We need these benefits to help be able to source reliable and consistent labor. Our costs of labor have significantly increased each year. We continue to battle larger organization in the county and surrounding areas who can afford to pay a higher wage.
