TO APPLICANTS

(Project Sponsor)

The County of Saratoga Industrial Development Agency was established by special act of the New York State Legislature in 1971.

Industrial Development Agencies were first legally authorized in 1969 when the New York State Legislature added a new Article 18-A to the General Municipal Law to provide for the establishment, by special act of the legislature, of local industrial development agencies as public benefit corporations.

Once established, a local industrial development agency is authorized to issue "taxable" industrial revenue bonds for the purposes of acquiring machinery, equipment, and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial or industrial purposes. Projects may also be financed through a "Straight Lease" transaction which may entail a conventional mortgage or other form of private financing.

Industrial Development Agencies offer attractive incentives to industry seeking new locations or expansion of existing facilities. The advantages to a business in financing a project through the Agency are substantial in providing the following:

- The project is exempt from real property taxes during the term of the bond issue and lease agreement. However, each project shall be required to enter into an agreement to pay a negotiated sum in lieu of taxes.
- Project related construction purchases and rentals as well as equipment purchases are exempt from state and local sales tax.
- A mortgage given by the Agency to secure project-related indebtedness is exempt from the state mortgage recording tax.

APPLICATION PROCEDURES

1. Effective April 1, 2020 submission of a completed Agency Application to be accompanied with a check of \$1,000 as the application fee.
2. Agency subcommittee meeting scheduled for initial project review.
3. A meeting will be scheduled between project applicant and representatives of the Agency to review supporting financial data relating to the applicant and the Project.
4. If the application is deemed appropriate for Agency financial assistance, a public hearing to be held in the host municipality is scheduled.
5. At least 10 days prior to the public hearing, notice of the hearing is published in a suitable newspaper and notice is given by mail to the chief executive officer of each affected taxing jurisdiction.
6. Following the close of the public hearing, the Agency will consider adoption of an inducement resolution which (1) grants preliminary authorization for the extension by the Agency of financial assistance for a project, (2) describes the financial assistance to be rendered, and (3) sets forth the conditions for final approval including, but not limited to, compliance by the Agency with the provisions of the new York State Environmental Quality Review Act.
7. Following drafting of the necessary financing documents and prior to the issuance of bonds or closing on conventional financing, the Agency will meet to adopt a bond resolution or financing resolution.
8. An administration fee will be due the Agency at closing.

It is the responsibility of the applicant to arrange for financing with respect to a given Agency project. Taxable bonds issued by the Agency are non-recourse to the Agency and the County of Saratoga and thus the credit-worthiness of a project is a factor solely of the applicant and the project itself.

The providing of financial assistance by the Agency triggers certain filing and/or reporting requirements with respect to employment and tax benefits received.

REQUIRED SUBMISSIONS

1. An original and eleven (11) fully completed and executed copies of the Application.
2. Non-refundable application fee in the amount of One Thousand Dollars (\$1,000.00) payable to: COUNTY OF SARATOGA INDUSTRIAL DEVELOPMENT AGENCY.
3. One copy of the audited (if available) financial statements of the applicant for the immediately preceding three (3) years together with pro-forma relating to the project (if project relates to new business operation).
4. If available, four (4) copies of a letter of intent or commitment letter from proposed lender for the Project.
5. Two (2) copies of a site plan or building plan with respect to the project.
6. An original and eleven (11) copies of fully completed and executed Environmental Assessment Questionnaire. (Attachment "A").
7. An original and eleven (11) copies of fully completed and executed Employment Reporting Agreement and Plan. (Attachment "B").

10. An original and eleven (11) copies of a fully executed Labor Policy Form. (Attachment ""D").

PURSUANT TO THE PROVISIONS OF ARTICLE SIX OF THE NEW YORK STATE PUBLIC OFFICERS LAW, ALL SUBMISSIONS TO THE AGENCY ARE SUBJECT TO PUBLIC INSPECTION SUBJECT TO THE PROVISIONS OF SECTION 87(2) THEREOF.

NOTE: THIS APPLICATION WILL NOT BE ACCEPTED BY THE AGENCY UNLESS THE FOLLOWING HOLD HARMLESS AGREEMENT IS SIGNED BY THE APPLICANT.

HOLD HARMLESS AGREEMENT

Project Description

GMS Realty, LLP will be looking to purchase the 143,000 square foot building at 10 Skyward Drive in the City of Saratoga Springs, County of Saratoga, State of New York. Its affiliated entity, Green Mountain Electric Supply, Inc. (GMES) is a wholesale supplier of electrical supplies and a third generation family owned business since 1953. GMES will use the facility for: (1) its New York Headquarters; and (2) warehouse of electrical materials and supplies in connection with its wholesale electrical business. The facility will help GMES consolidate its financial team and its New York management– and will help fulfill its 16 New York branch locations and expansion into Western Massachusetts. GMES has needed to expand the headquarters for its finance team and has looked at locations in Western Massachusetts and Vermont. GMES continues to need additional distribution facilities to service its growing business and has similarly looked at locations in Western Massachusetts and New Hampshire. The facility will enable GMES to fulfill its long-long needs for space – particularly with the ability to expand the building at the Project Site for additional warehouse space. The acquisition of the site expands GMES' operations to service its Northeast territory while also offering a long-term sublease to a product packaging operation with 55 full-time employees.

Need for Agency's Financial Assistance

The assistance from the IDA will help GMS Realty to complete the transaction and acquire the Project Site for its long-term growth. The incentives are imperative to make this site competitively priced and somewhat comparable to other sites being considered. The incentives will also be imperative to the underlying economics to support the sublease to a product packaging operation at the site. The Project in the short-term will retain existing jobs in New York State and, as a growing company, will provide additional job creation in the next 5 years in Saratoga County. GMES is not able to obtain a long-term lease at its current financial headquarters in Halfmoon, New York and needs to create more certainty for its employees and its future growth. GMES will continue to operate its warehouse facility in Clifton Park. The Project will provide employment opportunities for Saratoga County residents and will support the construction industry in Saratoga with its ability to supply electrical contractors. The Project will create a financial headquarters for a growing company with an increasing presence in Saratoga County with the opportunity to expand the existing Project Site.

Section IV Inter-Municipal Move Determination

The Agency is required by state law to make a determination that, if completion of a Project benefiting from Agency Financial Assistance results in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state or in the abandonment of one or more plants or facilities of the project occupant located within the state, Agency Financial Assistance is required to prevent the project occupant from relocating out of the state, or is reasonably necessary to preserve the project occupant's competitive position in its respective industry.

Will the Project result in the removal of an industrial or manufacturing plant of the Project occupant from one area of the state to another area of the state?

☐ Yes or ☒ No

Will the Project result in the abandonment of one or more plants or facilities of the Project occupant located within the state?

☒ Yes or ☐ No

If Yes to either question, explain how, notwithstanding the aforementioned closing or activity reduction, the Agency's Financial Assistance is required to prevent the Project from relocating out of the State, or is reasonably necessary to preserve the Project occupant's competitive position in its respective industry: GMES has needed to expand the headquarters for its finance team and has looked at locations in Western Massachusetts

and Vermont. The Agency's Financial Assistance will allow GMES to place its financial headquarters in Saratoga Springs instead of continuing to look outside of the state.

Does the Project involve relocation or consolidation of a project occupant from another municipality?

Within New York State

☒ Yes or ☐ No

Within Saratoga County/City/Town/Village

☒ Yes or ☐ No

If Yes to either question, please, explain: GMES will not extend the lease for its existing facility in Halfmoon and will relocate its employees and operations from that facility to Saratoga Springs.
