## **TO APPLICANTS**

(Project Sponsor)

The County of Saratoga Industrial Development Agency was established by special act of the New York State Legislature in 1971.

Industrial Development Agencies were first legally authorized in 1969 when the New York State Legislature added a new Article 18-A to the General Municipal Law to provide for the establishment, by special act of the legislature, of local industrial development agencies as public benefit corporations.

Once established, a local industrial development agency is authorized to issue “taxable” industrial revenue bonds for the purposes of acquiring machinery, equipment, and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial or industrial purposes. Projects may also be financed through a “Straight Lease” transaction which may entail a conventional mortgage or other form of private financing.

- Qualifying projects are eligible to receive tax abatements relating to (i) state and local sales tax relating to the construction of a facility (100% exemption), (ii) mortgage recording tax (75% exemption) and (iii) real property taxes including school taxes, all in accordance with the Agency’s adopted Uniform Tax Exemption Policy. For each approved project, the Agency may grant all or a portion of the above in its discretion. In order for the abatements to attach to a project, the Agency must be granted an interest (typically a leasehold interest) in the underlying real property which interest is then leased back to the applicant for a term equal to the duration of the approved abatements..

## APPLICATION PROCEDURES

1. Submission of a completed project summary sheet.
2. A meeting will be scheduled with the applicant and Agency representatives to review the submitted project summary sheet.
3. Following such meeting and provided that the project as described meets Agency eligibility guidelines, the applicant will be invited to submit a complete application for financial assistance to be accompanied by the submissions listed on the following page together with a check in the amount of \$1,000 representing the nonrefundable Agency application fee.
4. A public meeting will be scheduled at which time the application will be reviewed and the applicant will be permitted to make a presentation regarding the project described in the application.
5. At the conclusion of the presentation the members of the Agency will vote to either accept the application and schedule a public hearing or decline to move forward with the application.
6. If accepted, the Agency will schedule a time at which a public hearing will be conducted to be held in the jurisdiction (town or city) where the proposed project is to be located. The affected taxing jurisdictions (village/town/city, school district and county) will be notified of the time and place of the public hearing and a notice of the public hearing will be published in a local newspaper..
7. Following the close of the public hearing, the Agency will consider adoption of an inducement resolution which (1) grants preliminary authorization for the extension by the Agency of financial assistance for a project, (2) describes the financial assistance to be rendered, and (3) sets forth the conditions for final approval including, but not limited to, compliance by the Agency with the provisions of the new York State Environmental Quality Review Act.
8. Following the adoption of the inducement resolution, the applicant may request that the applicant and other designees be appointed agent of the Agency for purposes of undertaking the project. This allows the applicant to exempt project-related purchases from state and local sales tax. This appointment cannot occur until all land use approvals have been obtained and a determination under the State Environmental Quality Review Act with respect to the project has been made by a third party governmental agency and confirmed by the Agency.

It is the responsibility of the Applicant to provide at least 60 days notice to the Agency and its counsel of the intended closing date at which time the Agency will obtain a leasehold interest in the project site. If the project involves third party financing and the applicant is seeking to utilize any mortgage recording tax exemption which may have been approved, a copy of any financing commitment must be submitted at this time. This will allow the Agency at its next meeting to adopt a final resolution of the project and allow for a "closing". This closing would occur simultaneously with any financing closing, if applicable. At the time of closing the applicant is responsible to pay the applicable administrative fee due the Agency (unless previously paid) as well as Agency counsel and special counsel fees, as applicable.

The providing of financial assistance by the Agency triggers certain filing and/or reporting requirements with respect to employment and tax benefits received.

2. Non-refundable application fee in the amount of One Thousand Dollars (\$1,000.00) payable to: COUNTY OF SARATOGA INDUSTRIAL DEVELOPMENT AGENCY.

**LABOR POLICY**

**Saratoga County Industrial Development Agency  
Declaration of Motivation  
For the Employment of Local Tradespeople  
During the Construction Phase of IDA-Benefited Projects**

The County of Saratoga Industrial Development Agency (IDA), formed pursuant to Section 856 of the New York State Industrial Development Act (the "Act"), was created for the purpose of promoting employment opportunities for and the general prosperity and economic welfare of Saratoga County residents. The IDA is authorized by Section 858 of the Act to enter into agreements requiring payments in lieu of taxes ("PILOT Agreements") with private companies in order to facilitate the location or the expansion of their businesses in Saratoga County. A PILOT Agreement essentially extends, either in whole or in part, an IDA's exemption from real property and other taxes to private companies participating in IDA programs.

Construction jobs, although limited in time duration, are vital to the overall employment opportunities within Saratoga County since construction wages earned by local residents are reinvested in the local economy, adding greatly to its vitality. It is the IDA's strong conviction that companies benefiting from its programs should employ New York State residents during the construction phase of projects. Only in that way can the public benefits accruing from the IDA's efforts be maximally distributed to the residents and taxpayers of Saratoga County. It is, therefore, the request of the IDA that firms benefiting from its programs be fully cognizant of the IDA's mission to promote employment opportunities during all project phases, including the construction phase.

The IDA hereby declares its right to request companies benefiting from its programs to engage Saratoga County residents in and during the project construction phase through the addition of an amendment to the IDA project application requiring applicants, prior to and during the construction phase of the development project, to:

1. Identify the name, title, mailing address, phone/FAX/E-Mail of the project contact person who will be responsible and accountable for providing information about the bidding for and awarding of future construction contracts relative to the application and project.
2. Describe, in the best way possible, the nature of construction jobs created by the project. The description should provide as much detail as possible, including the number, type and duration of construction positions.
3. Submit to the IDA a "Construction Completion Report" listing the names and business locations of prime contractors, subcontractors and vendors who have been engaged for the construction phase of the project by companies benefiting from IDA programs.

In turn the IDA will:

1. Post all applications approved for a public hearing to its web site ([www.saratogacountyida.org](http://www.saratogacountyida.org)) within two business days of such authorization.
2. Following the public hearing and after Agency approval has been granted for an inducement resolution, the website will be promptly updated for all current data.
3. Reserve the right to modify and/or rescind benefits granted to any company under the IDA's Uniform Tax Exemption Policy for the failure to comply with any of the provision listed herein.

RE: 25-01, Fidens FBC Project Plan Approval  
100 Saratoga Village Blvd. Zoning: FBC DN-4

Dear Tim:

The Fidens Final Project Plan has been reviewed and determined to comply with Article XVI Downtown Malta Form-Based Code regulations. Pursuant to SEQRA 6 NYCRR Part 617.5 (c) (19), your proposed project is identified as a Type II action. Type II actions are not subject to SEQRA pursuant to 6 NYCRR Part 615 (a).

This approval is conditional on the following items:

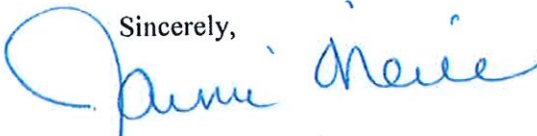

1. Proof of filing subdivision plat (project #25-02, Fidens – Lakeview Outlets) with the Saratoga County Clerk.
2. Proof of filing parking reciprocal easement(s) with the Saratoga County Clerk.
3. Final signage plans will be reviewed at the time of sign permit application.
4. The *downtown local* street is to be constructed to [Town of Malta Road Specifications](#). Note: the 80ft ROW does not apply to FBC streets. See FBC Sec. 6.2 Street and Sec. 6.2E Downtown Local. All streets must meet NYS Fire Code which may require modification to the width stated in Sec. 6.2.
5. Applicable mitigation fees are required pursuant to Article XVI Section 7 F. 2 and as cited in the Supplemental Town-wide Generic Environmental Statement (STWGEIS). Mitigation fees are payable with the building permit fee. Mitigation fees due noted below were included in correspondence from Suozzo, Doty & Associates correspondence dated August 1, 2025 and CRTC correspondence dated March 3, 2025.

Fee Type	GEIS Fee/Unit	Project Units	Source Data	Type Subtotal
GEIS Mitigation Fee	\$182 per trip	47 (PM Peak)	Page 4 - 1/24/25 Traffic Assessment	\$8,554.00
Open Space Mitigation Fee	\$1,364 per acre	1.75 acres	Page 1 Stormwater Narrative	\$2,387.00
Traffic Mitigation Fee	(As determined in consultation with CRTC - 3/3/2025)			\$5,566.00
Total Mitigation Fees Due				<b>\$16,507.00</b>

The final mitigation fees can only be determined once the project metrics have been finalized and a building permit application has been submitted. Town staff should validate the final fees during the building permit process. The GEIS Fee / Unit is based on the 2025 fee schedule.

This approval shall remain valid pursuant to the provisions of Town Code Section 167-24 F(4).

Please submit two hard copies and one digital copy of all most recently reviewed drawings, maps, renderings, or related information, with each copy providing the engineer/architect of record stamp, seal and signature.
